

RESIN BASED INDUSTRIAL FLOORING

Epoxy Flooring

EPIKOTE SF210

EPIKOTE SF210 is a two component, zero (0) VOC, 100% solids epoxy high build epoxy coating used to coat concrete, steel and most common construction materials. Excellent for use in high foot traffic and light to moderate forklift traffic areas where abrasion resistance is required; for protection against mild corrosion and as a decorative waterproof coating for walls, floors, tanks, etc. It can be broadcast with appropriate silica sand, to create a thicker flooring system for high abrasion increased skid resistance.

Benefits

- Excellent chemical resistance
- Moisture Insensitive
- Ceramic like finish
- Spray-able
- Solvent Free
- Waterproof
- Extremely Durable
- Chemical Resistant

Applications

- Aisle Ways
- Assembly Plants
- Bakeries
- Basement Floors & Walls
- Block Walls
- Bottling Plants
- Break Rooms
- Cafeterias
- Canning Plants
- Car Washes
- Cells
- Chemical Processing Areas
- Chemical Pump Areas
- Chemical Storage Area
- Church Floors
- Classroom Floors
- Corridors
- Educational Facilities
- Food Plants
- Fork Lift Areas
- Health Care Facilities
- Hospitals
- Kennels
- Kitchens
- Manufacturing Areas
- Marine Surfaces
- Meat Preparation Areas
- Mortuaries · Photography Processing Areas
- Power Plants
- Printing Plants
- Produce Preparation Areas
- Pools
- Ramps
- Research Facilities
- Rest Rooms
- Restaurants
- Secondary Chemical Containment
- Semiconductor Plants
- Sewer Plants
- Shops
- Shopping Centers
- Shower Rooms
- Stores
- Show Rooms
- Supermarkets
- Tanks
- Veterinary Facilities
- Water Plants
- Warehouses
- Laundries
- Loading docks
- Locker Rooms
- Nuclear Plant Floors
- Offices
- Machine Shops
